|   | Misdemeanants | Felons | Misdemeanants          | Felons |
| 1. Total # of Supervision Days (I.7)                                |               |        |                        |        |
| 2. Average Daily Caseload (I.8)                                     |               |        |                        |        |
| 3. Average Length of Supervision (I.9)                              |               |        |                        |        |
| 4. Total Defendant Placements (III.3)                               |               |        |                        |        |
| • On Secure Bond & Supervision (III.3.C)                            |               |        |                        |        |
| • Direct (III.3.D)  |               |        |                        |        |
| • Based on Agency Recommendation (supervised release only, III.3.E) |               |        |                        |        |
| • Against Agency Recommendation (supervised release only, III.3.F)  |               |        |                        |        |
| 5. Total Successful Cases (III.4.A)                                 |               |        |                        |        |
| 6. Total Unsuccessful Completions (III.4.B)                         |               |        |                        |        |
| 7. Rate of Successful Closure*                                      | %             | %      | %                      | %      |
| 8. Total # Defendants Investigated (IV.4):                          |               |        |                        |        |
| 9. Total # Defendants Recommended for supervised release (IV.7.B)   |               |        |                        |        |
| • Accepted by Court (IV.7.B.1)                                      |               |        |                        |        |
| • Rejected by Court (IV.7.B.2)                                      |               |        |                        |        |

\* To calculate **Rate of Successful Closure** (#7) use the following formula:

$$\text{Rate of Successful Closure} = \text{Total Successful Cases (\#5)} \div [\text{Total Successful Cases (\#5)} + \text{Total Unsuccessful Completions (\#6)}]$$
